## **Planning ref NY/2011/0328/ENV**

Development of a Waste Recovery Park (Allerton Waste Recovery Park - AWRP) at Allerton Park  
Quarry, near Knaresborough comprising the erection and operation of a Tipping Hall (TH); a  
Mechanical Treatment (MT) facility; an Anaerobic Digestion (AD) facility; an Incinerator Bottom Ash  
(IBA) Processing, Production and Storage facility; a unit housing six Air-Cooled Condensers and an  
Energy from Waste (EfW) facility to generate electricity. Includes for the redevelopment, refurbishment  
and extension of the existing property known as Claro House to provide a visitor, education and office  
facility; connection to the National Electricity Grid System and associated infrastructure; welfare  
facilities; parking; surface water management system; hardstandings; internal roads; earthworks,  
landscaping; fencing and gates; weighbridge; lighting and other associated ancillary development.

The Chairman asked Mr Anthony Long, Chairman of Marton cum Grafton Parish Council, to speak  
about the estimates of the costs of instructing lawyers and other professionals to act on behalf of  
those opposing the plans, in the event of a public enquiry, and he confirmed that costs would be in the  
order of £80,000 - £100,000. A cap on each separate item of expenditure would be agreed so that  
costs did not go out of control, and he confirmed that funding of about £20,000 is already in place,  
which will enable present needs to be met. Mr Long answered questions from councillors and from  
the floor about the Parish Councils Group's work.

The Chairman then asked County Councillor John Watson to speak on the subject, and he confirmed

that the Government is reviewing PFIs in general, but he advised that it would be wrong to expect too much from that review. He advised that the planning decision might be taken by NYCC at the March meeting, or at the May meeting, or that a special meeting might be held.

After some further discussion it was resolved that the Parish Council would utilise the Parish Council Group's expertise to investigate all aspects of the planning application and that a suitable response opposing the application would be prepared, based on the Group's recommendations. It was agreed that this does not at this stage authorise any expenditure from the Precept on this matter.

- 2011.74. **Appointment of new Parish Council Clerk** (minute 2011.52.1 refers). A report was received from the interviews carried out by the working group, and it was agreed to accept their recommendation to appoint Miss Caroline Brown as the new Clerk, commencing 1<sup>st</sup> December 2011. The outgoing Clerk, Mrs Hopps, was thanked for her work during her time in office and was presented with some flowers.
- 2011.75. **The Mar.** It was noted that a lot of the willow trash has now been burnt, and that the stumps have been treated so that they will not re-sprout. The Chairman advised that the matter of the ownership was still being looked into. The Clerk advised that if the current owners (if any) could not be traced then it might be possible to register a possessory Title at the Land Registry.
- 2011.76. **BT phone kiosk, Moor Lane, Arkendale** (minute 2011.60 refers). Several possible ideas for the future use for the kiosk were suggested, and it was agreed that this matter should be put on the agenda again for a decision at the next meeting.
- 2011.77. **Parish Precept 2012/13.** The budget proposals were considered and it was agreed that the level of precept to be demanded for 2012/13 should remain the same as this year.
- 2011.78. **Review of the Effectiveness of the Internal Audit.** The effectiveness of the present system of internal control, including measures designed to prevent and detect fraud and corruption, was reviewed and it was agreed that the present system was sufficient.
